Astronomical League Observing Clubs - MARS Astro

This guide to non-technical English-language materials is not meant to be a comprehensive or scholarly introduction to the complex topic of the role of women in astronomy. It is simply a resource for educators and students who wish to begin exploring the challenges and triumphs of women of the past and present.

Women in Astronomy: An Introductory Resource Guide

The Astronomical League, one of amateur astronomy's best institutional resources, has awarded more than 10,000 observing certificates since 1967. Amateur astronomers love to observe. Sometimes, though, they're not quite sure what to look at in the sky, or they might need a gentle nudge to get them outside under the stars.

Fifty Years of the Astronomical League Observing Programs ...

The Astronomical League is an umbrella organization of amateur astronomy societies. Currently their membership consists of over 280 organizations across the United States, along with a number of Members-at-Large, Patrons, and Supporting members..
