Why classroom management works. Effective classroom management. Classroom management systems are effective because they increase student success by creating an orderly learning environment that enhances students' academic skills and competencies, as well as their social and emotional development.

Classroom management module

I have a 3 part system. Whole group: for rewarding the class as a whole for behavior I put one marble in a jar every time the whole class has good behavior (example walking through the halls quietly). Then when the jar is full the class gets a cupcake party. Table groups: I have charts hanging up in the front of the room for table stars. I use it to get them to get all their books out quickly ...
