Life: A User's Manual (the original title is La Vie mode d'emploi) is Georges Perec's most famous novel, published in 1978, first translated into English by David Bellos in 1987. Its title page describes it as "novels", in the plural, the reasons for which become apparent on reading. Some critics have cited the work as an example of postmodern fiction, but Perec preferred to

Much of his work dealt with themes of identity, loss, absence—including his most celebrated work, *Life A User's Manual*. In addition to being honored by the Prix Renaudot (1965), the Prix Jean Vigo (1974), the Prix Médicis (1978), and the French postal service (2002), both an asteroid and a street in Paris were named in his honor—as well as a Google Doodle on his 80th birthday.

For the life of me, I couldn't remember the name of one of the people I send payments to. All the information is saved in my bank account's settings, but I have to enter the name of the recipient, exactly as it appears in my records, to bring everything else up. That's when it hit me: I need a user manual for my life!
