Hi, Guys . I'm hoping you can help. Somehow one of our company phones has got a problematic web admin login. I did the factory reset of holding down the 4 keys as you reboot (4, 6, 8 and \* for the IP 650) and then entered > removed by the moderator as this is not publicly disclosed by Polycom <.After doing this, it prompted me to set a proper phone admin password, which I successfully did.
